Tour only	\$10.00

Write Up

Our VP of Programs, John Janus, has been working hard to bring our chapter some new and interesting programs for the upcoming year. He has not let us down. We will start off the season with a plant tour at OnCore Manufacturing (formerly Nu Visions). This promises to be very interesting. OnCore has incorporated many lean processes in their day to day activities. There will be 2 tour groups. The first will start at 4:30pm sharp and the second will start at 5pm sharp.

From OnCore, we will be traveling to Salvatore's Restaurant, in Springfield. We will have a short half hour presentation, by OnCore Manufacturing, on their planning systems. Then we will finish with dinner.

Remember to sign up early, as past plant tours have been very popular. To sign up, please contact Jack Perazella

at (413) 527-2842, or email at japer@juno.com
No later than Saturday, September 13, 2008
